## Market Alerts

**FREEZE ALERT**– Last week's freeze across the Southwestern U.S. and Mexico affected quality, pricing and availability of several major crops, the most impactful of which are listed below.

**ICEBERG LETTUCE** – Plant icing has caused quality issues such as blister, peel, puffiness and short shelf life. Pricing is higher than normal. Romaine, Green Leaf and pre-cut product are all better options.

**STRAWBERRIES** – Harvests are still light out of California and Mexico, but Florida has improved. Pricing may be higher in certain markets. Blueberries and Blackberries are a better option.

**BROCCOLI/CAULIFLOWER** Supplies are very light on whole and crown product. Quality is good to fair, and pricing is higher than normal. Florets may be a better value.

**PEPPERS**– Supplies of Bell Peppers are light, particularly Red and Yellow. Quality is good, but pricing is higher than normal. Choice-grade Green Peppers are the best value.

**TOMATOES** – Supplies have improved on all sizes/varieties, particularly on Romas. Quality is still fair, especially in the Eastern half of the U.S., due to the continued cold and rain in Florida's growing region. Pricing is still slightly higher than normal in most markets, with 5x6 Rounds being the best overall value.

**ASPARAGUS** – Mexico's harvest is very light due to the freeze, and Peru has finished their season early due to unseasonably warm temps. Pricing is extremely high, particularly in the Western half of the country, with Pencil size being the best value.

## A Peek at Peak Seasons

**Apples** – All red varieties are in peak season.

**Specialty Potatoes:** – Quality is very good on all Colored, Fingerling, and Yukon Potatoes.

**Pears:** Bartlett, Bosc and Anjou pears and excellent quality out of Washington and California.

**Blackberries** – Quality is excellent and pricing is good.

**Specialty Citrus:** Winter Citrus is in season– Mandarins, Tangerines, Clementines, Blood Oranges and more are available. Ask your distributor for recommendations!

**Blueberries** – Quality is terrific on South American imported fruit.

**Avocados:** Quality is excellent and pricing is lower than in recent months. Fully ripened product is plentiful.

## Weather Update

**California:** Rain and windy conditions expected.

**Yuma, AZ:** Warmer morning temperatures and slight chance of rain.

**Mexico:** Cool overnight temperatures continue, with warmer daytimes and intermittent rain.
