MENU PLANNERS

Signature Service

Typically hosted at a location outside the operation, an opportunity to sample and discuss new products and finished menu items prepared by our chefs that are being considered for addition to the menu.

Looking to make changes to your menu? During our Signature Service Menu Planner one of our chefs will meet with you to discuss the changes you are looking to make. They will learn about your operation, the current menu offerings that are working and identify those that you are looking to change or remove, and they will work with you to identify 6-10 potential new menu ideas for you to consider. The specialist will then build out those ideas into finished menu items and invite you to our company test kitchen to sample the finished items.

While at the office we will roll out the red carpet for you as you will have the opportunity to sample the menu items prepared by our chef and learn more about Upper Lakes Foods, meet the owners of the company, and tour the warehouse. We will have a list of the products we used to create the menu items and all the information you need to decide about adding them to your menu.

If you do choose to add the items to your menu, our chef can create recipes you can bring back to your operation to execute them when your team is ready.

WE'RE HERE FOR YOU

Mission Statement: *The Upper Lakes Foods Specialist team brings innovative operational and culinary expertise to deliver value and inspire solutions for all our partners success.*

Let's do this.
