# THEME MENU & LIMITED TIME OFFERINGS CREATION

*Signature Service*

*Special menu items created for customers looking to promote events or holidays, or potential new menu items being tested.*

Holidays and special events are an opportunity to offer your customers something new and different. Our chefs have the creativity, awareness of current trends, and product knowledge to help you create a selection of menu ideas that will impress your customers and drive sales and profitability.

Our culinary specialist will meet with you to discuss your goals and will explore some different menu options. They will identify the products you need and create recipes for the items you wish to offer. They can also stop by your restaurant to teach your team how to create the items.

Some of these items might be so good that you will want to add them to your regular menu offerings.
